The property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to the usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Bill of Lading set forth in (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

the property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

the property described below, in apparent good order, except as noted (contents and condition of contents of packages
unknown), marked, consigned, and destination as indicated below, which said carrier (the word carrier being understood
throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees
to carry to the vessel place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the
route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of
said route to destination, and as to each party at any time interested in all or any of said property, that every service to
be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading
set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in
the applicable motor carrier classification or tariff if this is a motor carrier shipment.Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those
on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the
said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

the property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said Bill of Lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

Reference: Process Wastewater
Lab Code No. KL 2388
Reference No. DM 0008-91

Dear Mr. Naijellis:

K & B Trucking, Inc. is pleased to provide this quotation for the above-referenced waste material.

The facility designated to handle this waste is a fully permitted treatment, storage and/or disposal facility which is capable, has the capacity and is permitted to accept your waste material.

Our pricing is as follows:

Disposal.....\$ 135/gall.

Transportation.....\$ 1625.00/2000
1850.00/2000

Any decontamination of the tank truck will be passed on at cost plus 10%.

The pricing is based upon information supplied by the generator and our technical review of the completed waste characterization report (WCR). Waste received that varies from this WCR may cause additional charges.

Our pricing does not include fees, taxes or surcharges imposed by environmental laws.

Our normal payment terms and conditions are enclosed herewith. For proper shipping information, please refer to the waste characterization report.

Minimum disposal charge per lab code will be \$300.00 per shipment (if applicable).

SPECIFICATIONS

The base price listed in your quotation is valid up to the following limits:

COD < 50,000 PPM, Flash Point > 140 degrees Fahrenheit, Chlorine < 1%, PH 4.1 - 12.4, Ammonia < 500 PPM, Methanol < 6%, Phenol < 300 PPM, MEK < 1%, Isobutanol < 1%, Combined metals: Cr, Cu, Ni, Cd, & Pb < 5 PPM, Zinc < 200 PPM, Suspended solids < 3%, Emulsified solids (including latex) = zero

Price is based on a three load trial basis and is not guaranteed after that.

One hour waiting and loading time is included in your rate. Additional time required for waiting and loading beyond the first hour will be charged at \$18.75 per quarter hour or fraction thereof.

If a tanker/vector arrives at the disposal site and requires digging-out, the charge will be based on a time and material scale.

Generator certifies material does not contain RCRA regulated solvents. (40 CFR Sections 261.31 and 261.33)

Generator certifies material is a non-hazardous waste according to the Resource Conservation and Recovery Act (RCRA) Regulations. (40 CFR Section 261)

Waste must be in a flowable and pumpable condition.

842895575

ENVIRONMENTAL TERMS AND CONDITIONS

Scope of Work

The written Proposal of Work contained with this document, along with any schedules and/or exhibits referenced therein, the information contained in the Waste Characterization Report furnished by the CUSTOMER, and the terms and conditions hereinafter described, are hereinafter jointly referred to as the "Agreement". Any conflicts between information set forth in any documents referenced above and the terms and conditions stated herein shall be resolved, interpreted and controlled by the language in this pre-printed Agreement.

Parties

Stout Environmental, Inc. is the marketing agent for the company (hereinafter referred to as CONTRACTOR) specifically designated in the Proposal for Work being submitted to the CUSTOMER designated on the reverse side hereof, and therefore the contractual obligations for performance of work shall be between CUSTOMER and the previously identified CONTRACTOR.

Prices and Terms

CUSTOMER agrees to pay for the services and performance of work described in this Agreement in accordance with the terms set forth herein, unless specifically modified in writing by the language contained in the Proposal for Work referenced and incorporated herein.

Payment for services and performance of work under this Agreement shall be made within fifteen (15) days of receipt of invoice by CUSTOMER. Failure to make payment within the fifteen (15) days period shall cause interest to commence accruing at a rate of one and one-half percent (1 1/2%) per month from date of invoice until payment in full is rendered, in addition to any other remedies available at law, in equity or hereunder.

If during the time that the Proposal for Work is pending acceptance by CUSTOMER, CONTRACTOR'S cost of chemicals, processing, transportation and/or performance increases as a result of compliance with any modifications or amendments to any applicable law, rule, regulation or ordinance of any federal, state or local governmental agency, department, court or governing body, CONTRACTOR shall have the right upon written notice to CUSTOMER, to increase the price hereunder in sufficient amount to recover such cost increase. If CUSTOMER fails to accept said cost increase before performance is to begin by CONTRACTOR, this Agreement may be canceled and deemed null and void at the option of CONTRACTOR.

All federal, state, and municipal excise, occupation, sales, use of service, ENVIRONMENTAL FEES AND SURCHARGES and other similar taxes shall be paid by CUSTOMER to CONTRACTOR, in addition to the price for the services and performance of work agreed to herein. CUSTOMER shall reimburse the CONTRACTOR for any such taxes, fees and surcharges if the latter pays the same, together with any interest and penalties assessed by the taxing authority.

Excepted as provided immediately above, CONTRACTOR may not increase the prices specified under this Agreement for a period of thirty (30) days from the date of the submittal to CUSTOMER. From and after thirty (30) days, the prices under this Agreement shall be subject to change by CONTRACTOR and CUSTOMER shall have five (5) days from the date of notification by CONTRACTOR to accept or reject any cost or price increase tendered by CONTRACTOR.

Description of Waste

CUSTOMER shall provide CONTRACTOR with a written, full, complete and accurate description of the solid and/or hazardous waste, including but not limited to, a complete description of all processes generating or involving the waste; the proper names, Hazard Class, the EPA identification number(s) and any material Safety Data Sheets. CUSTOMER covenants, warrants and agrees that the description of the waste in the Waste Characterization Report is full, complete and accurate, including but not limited to, the Process Description Section, and the other information contained therein. CUSTOMER represents and warrants that all waste delivered to CONTRACTOR, including each unit or container of waste, shall conform to the description of the waste furnished to CONTRACTOR. Where CONTRACTOR requires CUSTOMER to furnish a sample of the waste to CONTRACTOR, CUSTOMER warrants and represents that the same is a true representative sample of the entire waste stream, provided however, that the submission of the sample to CONTRACTOR for laboratory analysis does not relieve CUSTOMER of its obligations to provide a written description of the waste nor CUSTOMER'S warranty of such description of the waste.

IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT ANY TECHNICAL ASSISTANCE OR ADVICE RENDERED BY CONTRACTOR TO CUSTOMER IN REFERENCE TO THE EFFORTS OF CUSTOMER TO PROPERLY CLASSIFY CUSTOMER'S WASTE STREAM, SHALL BE DEEMED GRATIS ADVICE ONLY, AS UNDER THE ENVIRONMENTAL RULES AND REGULATIONS IT IS THE SOLE OBLIGATION OF THE "GENERATOR" OF A WASTE STREAM TO CLASSIFY ITS WASTE.

Failure of Waste to Conform to Description

In the event that the CONTRACTOR discovers that the waste or any unit or container thereof does not conform to the description set forth in this Agreement, whether or not said waste has previously been accepted by CONTRACTOR as conforming, CONTRACTOR shall notify CUSTOMER of the nonconformity and the parties shall initiate any necessary measures for the safe handling, transportation and/or disposal of the waste. If the parties cannot agree upon the alternate methods for properly handling the waste stream of CUSTOMER within twenty-four (24) hours from the time that the CUSTOMER has received written notice from CONTRACTOR, CONTRACTOR may, in addition to any other remedies at law, in equity or hereunder, return said waste to CUSTOMER and CUSTOMER agrees to accept the same. For all nonconforming waste, CUSTOMER agrees to pay or reimburse CONTRACTOR for all reasonable costs of handling, storage, administration, transportation and/or disposal costs incurred by CONTRACTOR on behalf of CUSTOMER.

In addition, CUSTOMER shall reimburse CONTRACTOR for any damages incurred by CONTRACTOR, and any fines and penalties that CONTRACTOR may be required to pay any governmental agency or court due to CUSTOMER'S furnishing waste that was not in compliance with the specifications set forth in the Waste Characterization Report.

At the time CONTRACTOR accepts the waste from CUSTOMER for transportation, title, risk of loss and all other incidents of ownership to the waste shall be transferred from CUSTOMER to CONTRACTOR. In the event that the waste is discovered to be nonconforming, CONTRACTOR may revoke its acceptance of the waste so long as the waste material has not been materially altered or changed by CONTRACTOR. Upon written notification of revocation of acceptance, title, risk of loss and all other incidents of ownership shall revert in CUSTOMER.

Indemnifications:

CONTRACTOR hereby agrees to indemnify and hold CUSTOMER harmless from any and all losses, damages, suits, penalties, costs, liabilities and expenses (including reasonable attorney's fees) arising out of any claim for loss or damage to property or the environment and injuries to or death of persons, including CONTRACTOR'S employees and agents, caused by the negligence of or arising from CONTRACTOR'S performance of the services under or breach of this Agreement, or any violations of laws, ordinances, rules, regulations or governmental actions, orders or permits.

CUSTOMER hereby agrees to indemnify and hold CONTRACTOR harmless from any and all losses, damages, suits, penalties, costs, liabilities and expenses (including reasonable attorney's fees) arising out of any claim for loss or damage to property, including CUSTOMER'S property and injuries to or death of persons, including CONTRACTOR'S employees and agents, caused by or resulting from CUSTOMER'S negligence, willful misconduct or breach of the warranties and representations contained in this Agreement.

Insurance:

CONTRACTOR agrees to furnish CUSTOMER, upon request, a Certificate of Insurance attesting to the existence of Worker's Compensation coverage providing statutory benefits, and Comprehensive Automobile and Commercial General Liability Insurance with policy limits of not less than those set forth on the Certificate of Insurance; which is marked as a schedule in the written Proposal of Work.

Assignment and Termination:

Neither party hereto may assign or delegate the performance of all or any portion of this Agreement without the prior express written consent of the other, which consent shall not be unreasonably withheld. In the event of the filing of a petition by or against the CUSTOMER under any bankruptcy, insolvency or reorganization laws, or the appointment of a receiver or trustee or an assignment for the benefit of creditors, then CONTRACTOR, at its option, and in addition to any other remedies at law, in equity or hereunder, may forthwith terminate this Agreement without further obligation or liability by CONTRACTOR to CUSTOMER.

Force Majeure:

CONTRACTOR shall not be liable for any failure to remove, accept or process waste, if such failure is caused directly or indirectly by causes beyond the control of CONTRACTOR, if such failure is caused by, but not limited to the following: Acts of God, weather conditions, orders, ruling, directives, laws, rules, regulations, ordinances of any federal, state or local governmental agency, department, court or body having jurisdiction over the activities of CUSTOMER or CONTRACTOR.

Arbitration and Jurisdiction:

The parties hereto specifically agree that any claim, controversy, dispute or question arising out of, in connection with, or in relation to this Agreement or its interpretation, nonperformance or any breach thereof may at the option of either party be determined by arbitration conducted in Philadelphia, Pennsylvania in accordance with the existing rules of the American Arbitration Association governing commercial transactions. The decision of the sole arbitrator shall be final, and judgment upon any award, which may include reasonable attorney's fees to the prevailing party, may be entered in any federal or state court having jurisdiction over the parties hereto.

Independent Contractor:

The employees, agents, methods, equipment and facilities of CONTRACTOR shall at all times be under CONTRACTOR'S exclusion direction and control. Nothing in this Agreement shall be construed to constitute CUSTOMER or any of its employees, agents, officers or directors to be an agent for, joint venture of, employee of or partner of CONTRACTOR. CONTRACTOR at all times relevant hereto shall be deemed an INDEPENDENT CONTRACTOR.

Entire Agreement:

This Agreement supersedes any and all other agreements, other oral or in writing between the parties hereto with respect to the subject matter hereof and contains all of the covenants and agreements between the parties with respect to the matter. Any previous warranties, representations, agreements, understandings, or covenants are incorporated herein and specifically replaced and modified by the terms and conditions contained in this Agreement. Each party further agrees and acknowledges that no representations, inducements, promises or agreements, orally or otherwise, have been made by any party or anyone acting on behalf of any party, which are not embodied herein and that no other agreement, statement, or promise not contained herein shall be valid or binding.

It is specifically agreed between the parties hereto that no pre-printed language on any Purchase Order from either party hereto shall alter, change, modify or amend the terms and conditions contained in this Agreement, and in particular, it is agreed that any such pre-printed language shall be deemed null and void.

Binding Agreement:

This agreement shall be binding upon and inure to the benefit of the parties hereto and their heirs, executors, administrators, successors and assigns. If any term, covenant or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the court may reform the Agreement and enforce the remainder of the provisions contained herein.

the property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to the usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a non-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

the property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown, marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

February 26, 1992

Bob Naijelis
Reichold Chemical
46 Albert Avenue
Newark, NJ 07105

Reference: Process Wastewater
Lab Code No. KL 2388
Reference No. DM 0008-91

Dear Mr. Naijelis:

K & B Trucking, Inc. is pleased to provide this quotation for the above-referenced waste material.

The facility designated to handle this waste is a fully permitted treatment, storage and/or disposal facility which is capable, has the capacity and is permitted to accept your waste material.

Our pricing is as follows:

Disposal.....	\$.35/gallon
Transportation.....	\$	1850.00/load

A one time decontamination of the tank truck will be passed on at cost plus 10%.

The pricing is based upon information supplied by the generator and our technical review of the completed waste characterization report (WCR). Waste received that varies from this WCR may cause additional charges.

Our pricing does not include fees, taxes or surcharges imposed by environmental laws.

Our normal payment terms and conditions are enclosed herewith. For proper shipping information, please refer to the waste characterization report.

Minimum disposal charge per lab code will be \$300.00 per shipment (if applicable).

SPECIFICATIONS

The base price listed in your quotation is valid up to the following limits:

COD < 50,000 PPM, Flash Point > 140 degrees Fahrenheit, Chlorine < 1%, PH 4.1 - 12.4, Ammonia < 500 PPM, Methanol < 6%, Phenol < 300 PPM, MEK < 1% Isobutanol < 1%, Combined metals: Cr, Cu, Ni, Cd, & Pb < 5 PPM, Zinc < 200 PPM, Suspended solids < 3%, Emulsified solids (including latex) = zero

Price is based on a three load trial basis and is not guaranteed after that.

One hour waiting and loading time is included in your rate. Additional time required for waiting and loading beyond the first hour will be charged at \$18.75 per quarter hour or fraction thereof.

If a tanker/vector arrives at the disposal site and requires digging-out, the charge will be based on a time and material scale.

Generator certifies material does not contain RCRA regulated solvents. (40 CFR Sections 261.31 and 261.33)

Generator certifies material is a non-hazardous waste according to the Resource Conservation and Recovery Act (RCRA) Regulations. (40 CFR Section 261)

Waste must be in a flowable and pumpable condition.

Surcharges are as follows:

COD

50,000 - 100,000
100,001 - 200,000
200,001 - 300,000

ENVIRONMENTAL TERMS AND CONDITIONS

Scope of Work:

The written Proposal of Work contained with this document, along with any schedules and/or exhibits referenced therein, the information contained in the Waste Characterization Report furnished by the CUSTOMER, and the terms and conditions hereinafter described, are hereinafter jointly referred to as the "Agreement". Any conflicts between information set forth in any documents referenced above and the terms and conditions stated herein shall be resolved, interpreted and controlled by the language in this pre-printed Agreement.

Parties:

Stout Environmental, Inc. is the marketing agent for the company (hereinafter referred to as CONTRACTOR) specifically designated in the Proposal for Work being submitted to the CUSTOMER designated on the reverse side hereof, and therefore the contractual obligations for performance of work shall be between CUSTOMER and the previously identified CONTRACTOR.

Prices and Terms:

CUSTOMER agrees to pay for the services and performance of work described in this Agreement in accordance with the terms set forth herein, unless specifically modified in writing by the language contained in the Proposal for Work referenced and incorporated herein.

Payment for services and performance of work under this Agreement shall be made within fifteen (15) days of receipt of invoice by CUSTOMER. Failure to make payment within the fifteen (15) days period shall cause interest to commence accruing at a rate of one and one-half percent (1 1/2%) per month from date of invoice until payment in full is rendered, in addition to any other remedies available at law, in equity or hereunder.

If during the time that the Proposal for Work is pending acceptance by CUSTOMER, CONTRACTOR'S cost of chemicals, processing, transportation and/or performance increases as a result of compliance with any modifications or amendments to any applicable law, rule, regulation or ordinance of any federal, state or local governmental agency, department, court of governing body, CONTRACTOR shall have the right upon written notice to CUSTOMER, to increase the price hereunder in sufficient amount to recover such cost increase. If CUSTOMER fails to accept said cost increase before performance is to begin by CONTRACTOR, this Agreement may be cancelled and deemed null and void at the option of CONTRACTOR.

All federal, state, and municipal excise, occupation, sales, use of service, ENVIRONMENTAL FEES AND SURCHARGES and other similar taxes shall be paid by CUSTOMER to CONTRACTOR, in addition to the price for the services and performance of work agreed to herein. CUSTOMER shall reimburse the CONTRACTOR for any such taxes, fees and surcharges if the latter pays the same, together with any interest and penalties assessed by the taxing authority.

Excepted as provided immediately above, CONTRACTOR may not increase the prices specified under this Agreement for a period of thirty (30) days from the date of the submittal to CUSTOMER. From and after thirty (30) days, the prices under this Agreement shall be subject to change by CONTRACTOR and CUSTOMER shall have five (5) days from the date of notification by CONTRACTOR to accept or reject any cost or price increase tendered by CONTRACTOR.

Description of Waste:

CUSTOMER shall provide CONTRACTOR with a written, full, complete and accurate description of the solid and/or hazardous waste, including but not limited to, a complete description of all processes generating or involving the waste; the proper names, Hazard Class, the EPA identification number(s) and any material Safety Data Sheets. CUSTOMER covenants, warrants and agrees that the description of the waste in the Waste Characterization Report is full, complete and accurate, including but not limited to, the Process Description Section, and the other information contained therein. CUSTOMER represents and warrants that all waste delivered to CONTRACTOR, including each unit or container of waste, shall conform to the description of the waste furnished to CONTRACTOR. Where CONTRACTOR requires CUSTOMER to furnish a sample of the waste to CONTRACTOR, CUSTOMER warrants and represents that the same is a true representative sample of the entire waste stream, provided however, that the submission of the sample to CONTRACTOR for laboratory analysis does not relieve CUSTOMER of its obligations to provide a written description of the waste nor CUSTOMER'S warranty of such description of the waste.

IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT ANY TECHNICAL ASSISTANCE OR ADVICE RENDERED BY CONTRACTOR TO CUSTOMER IN REFERENCE TO THE EFFORTS OF CUSTOMER TO PROPERLY CLASSIFY CUSTOMER'S WASTE STREAM, SHALL BE DEEMED GRATIS ADVICE ONLY, AS UNDER THE ENVIRONMENTAL RULES AND REGULATIONS IT IS THE SOLE OBLIGATION OF THE "GENERATOR" OF A WASTE STREAM TO CLASSIFY ITS WASTE.

Failure of Waste to Conform to Description

In the event that the CONTRACTOR discovers that the waste or any unit or container thereof does not conform to the description set forth in this Agreement, whether or not said waste has previously been accepted by CONTRACTOR as conforming, CONTRACTOR shall notify CUSTOMER of the nonconformity and the parties shall initiate any necessary measures for the safe handling, transportation and/or disposal of the waste. If the parties cannot agree upon the alternate methods for properly handling the waste stream of CUSTOMER within twenty-four (24) hours from the time that the CUSTOMER has received written notice from CONTRACTOR, CONTRACTOR may, in addition to any other remedies at law, in equity or hereunder, return said waste to CUSTOMER and CUSTOMER agrees to accept the same. For all nonconforming waste, CUSTOMER agrees to pay or reimburse CONTRACTOR for all reasonable costs of handling, storage, administration, transportation and/or disposal costs incurred by CONTRACTOR on behalf of CUSTOMER.

In addition, CUSTOMER shall reimburse CONTRACTOR for any damages incurred by CONTRACTOR, and any fines and penalties that CONTRACTOR may be required to pay any governmental agency or court due to CUSTOMER'S furnishing waste that was not in compliance with the specifications set forth in the Waste Characterization Report.

ENVIRONMENTAL TERMS AND CONDITIONS

Scope of Work

The written Proposal of Work contained with this document, along with any schedules and/or exhibits referenced therein, the information contained in the Waste Characterization Report furnished by the CUSTOMER, and the terms and conditions hereinafter described, are hereinafter jointly referred to as the "Agreement". Any conflicts between information set forth in any documents referenced above and the terms and conditions stated herein shall be resolved, interpreted and controlled by the language in this pre-printed Agreement.

Parties

Stout Environmental, Inc. is the marketing agent for the company (hereinafter referred to as CONTRACTOR) specifically designated in the Proposal for Work being submitted to the CUSTOMER designated on the reverse side hereof, and therefore the contractual obligations for performance of work shall be between CUSTOMER and the previously identified CONTRACTOR.

Prices and Terms

CUSTOMER agrees to pay for the services and performance of work described in this Agreement in accordance with the terms set forth herein, unless specifically modified in writing by the language contained in the Proposal for Work referenced and incorporated herein.

Payment for services and performance of work under this Agreement shall be made within fifteen (15) days of receipt of invoice by CUSTOMER. Failure to make payment within the fifteen (15) days period shall cause interest to commence accruing at a rate of one and one-half percent (1 1/2%) per month from date of invoice until payment in full is rendered, in addition to any other remedies available at law, in equity or hereunder.

If during the time that the Proposal for Work is pending acceptance by CUSTOMER, CONTRACTOR'S cost of chemicals, processing, transportation and/or performance increases as a result of compliance with any modifications or amendments to any applicable law, rule, regulation or ordinance of any federal, state or local governmental agency, department, court of governing body, CONTRACTOR shall have the right upon written notice to CUSTOMER, to increase the price hereunder in sufficient amount to recover such cost increase. If CUSTOMER fails to accept said cost increase before performance is to begin by CONTRACTOR, this Agreement may be cancelled and deem null and void at the option of CONTRACTOR.

All federal, state, and municipal excise, occupation, sales, use of service, ENVIRONMENTAL FEES AND SURCHARGES and other similar taxes shall be paid by CUSTOMER to CONTRACTOR, in addition to the price for the services and performance of work agreed to herein. CUSTOMER shall reimburse the CONTRACTOR for any such taxes, fees and surcharges if the latter pays the same, together with any interest and penalties assessed by the taxing authority.

Excepted as provided immediately above, CONTRACTOR may not increase the prices specified under this Agreement for a period of thirty (30) days from the date of the submittal to CUSTOMER. From and after thirty (30) days, the prices under this Agreement shall be subject to change by CONTRACTOR and CUSTOMER shall have five (5) days from the date of notification by CONTRACTOR to accept or reject any cost or price increase tendered by CONTRACTOR.

Description of Waste

CUSTOMER shall provide CONTRACTOR with a written, full, complete and accurate description of the solid and/or hazardous waste, including but not limited to, a complete description of all processes generating or involving the waste; the proper names, Hazard Class, the EPA identification number(s) and any material Safety Data Sheets. CUSTOMER covenants, warrants and agrees that the description of the waste in the Waste Characterization Report is full, complete and accurate, including but not limited to, the Process Description Section, and the other information contained therein. CUSTOMER represents and warrants that all waste delivered to CONTRACTOR, including each unit or container of waste, shall conform to the description of the waste furnished to CONTRACTOR. Where CONTRACTOR requires CUSTOMER to furnish a sample of the waste to CONTRACTOR, CUSTOMER warrants and represents that the same is a true representative sample of the entire waste stream, provided however, that the submission of the sample to CONTRACTOR for laboratory analysis does not relieve CUSTOMER of its obligations to provide a written description of the waste nor CUSTOMER'S warranty of such description of the waste.

IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT ANY TECHNICAL ASSISTANCE OR ADVICE RENDERED BY CONTRACTOR TO CUSTOMER IN REFERENCE TO THE EFFORTS OF CUSTOMER TO PROPERLY CLASSIFY CUSTOMER'S WASTE STREAM, SHALL BE DEEMED GRATIS ADVICE ONLY, AS UNDER THE ENVIRONMENTAL RULES AND REGULATIONS IT IS THE SOLE OBLIGATION OF THE "GENERATOR" OF A WASTE STREAM TO CLASSIFY ITS WASTE.

Failure of Waste to Conform to Description

In the event that the CONTRACTOR discovers that the waste or any unit or container thereof does not conform to the description set forth in this Agreement, whether or not said waste has previously been accepted by CONTRACTOR as conforming, CONTRACTOR shall notify CUSTOMER of the nonconformity and the parties shall initiate any necessary measures for the safe handling, transportation and/or disposal of the waste. If the parties cannot agree upon the alternate methods for properly handling the waste stream of CUSTOMER within twenty-four (24) hours from the time that the CUSTOMER has received written notice from CONTRACTOR, CONTRACTOR may, in addition to any other remedies at law, in equity or hereunder, return said waste to CUSTOMER and CUSTOMER agrees to accept the same. For all nonconforming waste, CUSTOMER agrees to pay or reimburse CONTRACTOR for all reasonable costs of handling, storage, administration, transportation and/or disposal costs incurred by CONTRACTOR on behalf of CUSTOMER.

In addition, CUSTOMER shall reimburse CONTRACTOR for any damages incurred by CONTRACTOR, and any fines and penalties that CONTRACTOR may be required to pay any governmental agency or court due to CUSTOMER'S furnishing waste that was not in compliance with the specifications set forth in the Waste Characterization Report.

842895670

At the time CONTRACTOR accepts the waste from CUSTOMER for transportation, title, risk of loss and all other incidents of ownership to the waste shall be transferred from CUSTOMER to CONTRACTOR. In the event that the waste is discovered to be nonconforming, CONTRACTOR may revoke its acceptance of the waste so long as the waste material has not been materially altered or changed by CONTRACTOR. Upon written notification of revocation of acceptance, title, risk of loss and all other incidents of ownership shall revert in CUSTOMER.

Indemnification

CONTRACTOR hereby agrees to indemnify and hold CUSTOMER harmless from any and all losses, damages, suits, penalties, costs, liabilities and expenses (including reasonable attorney's fees) arising out of any claim for loss or damage to property or the environment and injuries to or death of persons, including CONTRACTOR'S employees and agents, caused by the negligence of or arising from CONTRACTOR'S performance of the services under or breach of this Agreement, or any violations of laws, ordinances, rules, regulations or governmental actions, orders or permits.

CUSTOMER hereby agrees to indemnify and hold CONTRACTOR harmless from any and all losses, damages, suits, penalties, costs, liabilities and expenses (including reasonable attorney's fees) arising out of any claim for loss or damage to property, including CUSTOMER'S property and injuries to or death of persons, including CONTRACTOR'S employees and agents, caused by or resulting from CUSTOMER'S negligence, willful misconduct or breach of the warranties and representations contained in this Agreement.

Insurance

CONTRACTOR agrees to furnish CUSTOMER, upon request, a Certificate of Insurance attesting to the existence of Workers Compensation coverage providing statutory benefits, and Comprehensive Automobile and Commercial General Liability Insurance with policy limits of not less than those set forth on the Certificate of Insurance; which is marked as a schedule in the written Proposal of Work.

Assignment and Terminations

Neither party hereto may assign or delegate the performance of all or any portion of this Agreement without the prior express written consent of the other, which consent shall not be unreasonably withheld. In the event of the filing of a petition by or against the CUSTOMER under any bankruptcy, insolvency or reorganization laws, or the appointment of a receiver or trustee or an assignment for the benefit of creditors, then CONTRACTOR, at its option, and in addition to any other remedies at law, in equity or hereunder, may forthwith terminate this Agreement without further obligation or liability by CONTRACTOR to CUSTOMER.

Force Majeure

CONTRACTOR shall not be liable for any failure to remove, accept or process waste, if such failure is caused directly or indirectly by causes beyond the control of CONTRACTOR, if such failure is caused by, but not limited to the following: Acts of God, weather conditions, orders, ruling, directives, laws, rules, regulations, ordinances of any federal, state or local governmental agency, department, court or body having jurisdiction over the activities of CUSTOMER or CONTRACTOR.

Arbitration and Jurisdiction

The parties hereto specifically agree that any claim, controversy, dispute or question arising out of, in connection with, or in relation to this Agreement or its interpretation, nonperformance or any breach thereof may at the option of either party be determined by arbitration conducted in Philadelphia, Pennsylvania in accordance with the existing rules of the American Arbitration Association governing commercial transactions. The decision of the sole arbitrator shall be final, and judgment upon any award, which may include reasonable attorney's fees to the prevailing party, may be entered in any federal or state court having jurisdiction over the parties hereto.

Independent Contractor

The employees, agents, methods, equipment and facilities of CONTRACTOR shall at all times be under CONTRACTOR'S exclusion direction and control. Nothing in this Agreement shall be construed to constitute CUSTOMER or any of its employees, agents, officers or directors to be an agent for, joint venture of, employee of or partner of CONTRACTOR. CONTRACTOR at all times relevant hereto shall be deemed an INDEPENDENT CONTRACTOR.

Entire Agreement

This Agreement supersedes any and all other agreements, either oral or in writing between the parties hereto with respect to the subject matter hereof and contains all of the covenants and agreements between the parties with respect to the matter. Any previous warranties, representations, agreements, understandings, or covenants are incorporated herein and specifically replaced and modified by the terms and conditions contained in this Agreement. Each party further agrees and acknowledges that no representations, inducements, promises or agreements, orally or otherwise, have been made by any party or anyone acting on behalf of any party, which are not embodied herein and that no other agreement, statement, or promise not contained herein shall be valid or binding.

It is specifically agreed between the parties hereto that no pre-printed language on any Purchase Order from either party hereto shall alter, change, modify or amend the terms and conditions contained in this Agreement, and in particular, it is agreed that any such pre-printed language shall be deemed null and void.

Binding Agreement

This agreement shall be binding upon and inure to the benefit of the parties hereto and their heirs, executors, administrators, successors and assigns. If any term, covenant or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the court may reform the Agreement and enforce the remainder of the provisions contained herein.

the property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Freight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

the property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification of tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

the property described below, in apparent good order, except as noted (contents and condition of contents of packages
unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood
throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees
to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the
route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of
said route to destination, and as to each party at any time interested in all or any of said property, that every service to
be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading
set forth in the Uniform Freight Classification in effect on the date hereof. If this is a rail or a rail-water shipment, or if in
the applicable motor carrier classification or tariff (if this is a motor carrier shipment).
Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those
on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the
said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

The property described below, in apparent good order, except as noted, contents and condition of contents of packages
disassembled, marked, consigned, and destined as indicated below, which said carrier has been duly understood
throughout this contract as meeting any person or corporation in possession of the property under the contract agrees
to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the
route to said destination. It is mutually agreed, as to each carrier of all or any of said property, that every vehicle to
be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading
and the Uniform Freight Classification in effect on the date hereof, from the start of a full trailer shipment until the
property is delivered to the consignee or to the applicable motor carrier classification or tariff if this is a motor carrier shipment.
Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those
on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the
said terms and conditions are hereby agreed to by the shipper and accepted for shipment and he assumes all

the property described herein, in apparent good order, except as noted (tonnage and condition of contents of packages, unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to the usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Bill of Lading as forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

The property described below, in apparent good order, except as noted in contents and condition of contents of packages, is hereby received, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading as forth in Uniform Freight Classification in effect on the date hereof. If this is a rail or a rail-water shipment, or (2) is the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

RE : PERMIT # 20403701-43700-0201
LOCATION : 46 ALBERT AVENUE, NEWARK, NJ 07105

Dear Sir:

This letter is to advise you that the Reichhold Facility located at the captioned address, did not discharge waste water regulated by 40 CFR 414-55, Subpart E (MR-1 Effluent), to the Passaic Valley Sewerage Authority. All of the OPCSF regulated waste water from this facility was collected and transferred to our facility at 400 Doremus Avenue for treatment and disposal. A total of 00 tankwagons were shipped to Doremus Avenue for treatment and disposal for the month of November 1995.

If you have any questions, please contact me at (201) 465-2192 during regular business hours.

Sincerely,

RON KURTZ
EHS Manager

RE : PERMIT # 20403701-43700-0201
LOCATION : 46 ALBERT AVENUE, NEWARK, NJ 07105

Dear Sir:

This letter is to advise you that the Reichhold Facility located at the captioned address, did not discharge waste water regulated by 40 CFR 414-55, Subpart E (MR-1 Effluent), to the Passaic Valley Sewerage Authority. All of the OPCSF regulated waste water from this facility was collected and transferred to our facility at 400 Doremus Avenue for treatment and disposal. A total of 02 tankwagons were shipped to Doremus Avenue for treatment and disposal for the month of October 1995.

If you have any questions, please contact me at
(201) 465-2192 during regular business hours.

Sincerely,

Mike Baxi

RE : PERMIT # 20403701-43700-0201
LOCATION : 46 ALBERT AVENUE, NEWARK, NJ 07105

Dear Sir:

This letter is to advise you that the Reichhold Facility located at the captioned address, did not discharge waste water regulated by 40 CFR 414-55, Subpart E (MR-1 Effluent), to the Passaic Valley Sewerage Authority. All of the OPCSF regulated waste water from this facility was collected and transferred to our facility at 400 Doremus Avenue for treatment and disposal. A total of 07 tankwagons were shipped to Doremus Avenue for treatment and disposal for the month of JUNE 1995.

If you have any questions, please contact me at
(201) 465-2192 during regular business hours.

Sincerely,

Mike Baxi

The property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and delivered as indicated below, which said carrier (the word carrier being understood throughout this contract to mean any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification as to if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

ATTN : INDUSTRIAL DEPARTMENT

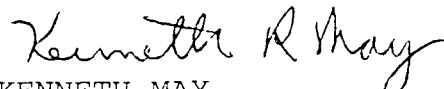

RE : PERMIT # 20403701-43700-0201
LOCATION : 46 ALBERT AVENUE, NEWARK, NJ 07105

Dear Sir:

This letter is to advise you that the Reichhold Facility located at the captioned address, did not discharge waste water regulated by 40 CFR 414-55, Subpart E (MR-1 Effluent), to the Passaic Valley Sewerage Authority. All of the OPCSF regulated waste water from this facility was collected and transferred to our facility at 400 Doremus Avenue for treatment and disposal. A total of 08 tankwagons were shipped to Doremus Avenue for treatment and disposal for the month of DECEMBER 1994.

If you have any questions, please contact Mike Baxi or me at (201) 589-3876.

Sincerely,

KENNETH MAY
Sr. Process Engineer

ATTN : INDUSTRIAL DEPARTMENT

RE : PERMIT # 20403701-43700-0201
LOCATION : 46 ALBERT AVENUE, NEWARK, NJ 07105

Dear Sir:

This letter is to advise you that the Reichhold Facility located at the captioned address, did not discharge waste water regulated by 40 CFR 414-55, Subpart E (MR-1 Effluent), to the Passaic Valley Sewerage Authority. All of the OPCSF regulated waste water from this facility was collected and transferred to our facility at 400 Doremus Avenue for treatment and disposal. A total of 07 tankwagons were shipped to Doremus Avenue for treatment and disposal for the month of FEBUARY 1995.

If you have any questions, please contact me at
(201) 465-2192 during regular business hours.

Sincerely,

Mike Baxi

RE : PERMIT # 20403701-43700-0201
LOCATION : 46 ALBERT AVENUE, NEWARK, NJ 07105

Dear Sir:

This letter is to advise you that the Reichhold Facility located at the captioned address, did not discharge waste water regulated by 40 CFR 414-55, Subpart E (MR-1 Effluent), to the Passaic Valley Sewerage Authority. All of the OPCSF regulated waste water from this facility was collected and transferred to our facility at 400 Doremus Avenue for treatment and disposal. A total of 08 tankwagons were shipped to Doremus Avenue for treatment and disposal for the month of MARCH 1995.

If you have any questions, please contact me at
(201) 465-2192 during regular business hours.

Sincerely,

Mike Baxi

the property described below, in apparent good order, except as noted (contents and condition of contents of packages
unopened, marked, consigned, and destined as shown) (the shipper and carrier agree that the carrier's liability
throughout that contract as becoming any person in possession of the property under the contract) agrees
to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the
route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of
said route to destination, and as to each party to any transfer of all or any of said property, that every service to
be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Freight Bill of Lading
set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in
the applicable motor carrier classification or tariff if this is a motor carrier shipment.
Shipper hereby certifies that he is familiar with all the terms and conditions of the back bill of lading, including those
on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the
said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

RE : PERMIT # 20403701-43700-0201
LOCATION : 46 ALBERT AVENUE, NEWARK, NJ 07105

Dear Sir:

This letter is to advise you that the Reichhold Facility located at the captioned address, did not discharge waste water regulated by 40 CFR 414-55, Subpart E (MR-1 Effluent), to the Passaic Valley Sewerage Authority. All of the OPCSF regulated waste water from this facility was collected and transferred to our facility at 400 Doremus Avenue for treatment and disposal. A total of 09 tankwagons were shipped to Doremus Avenue for treatment and disposal for the month of MAY 1995.

If you have any questions, please contact me at
(201) 465-2192 during regular business hours.

Sincerely,

Mike Baxi

to carry to its usual place of delivery at said destination, if in its route, otherwise to deliver to another carrier on the
route to said destination. It is hereby agreed, as to each carrier of all or any of said property, that every carrier of
said property to destination, and as to each party at any time interested in all or any of said property, that every carrier to
be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading
set forth (1) in Uniform Freight Classification as effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in
the applicable motor carrier classification to which this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those
on the back thereof, set forth in the classification to which this shipment is subject, and the
said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

Albert Plant, December Mr.-2 Sample

This letter is in to inform you that the monthly sample from Albert Plant for MR -2 Reporting requirement was not taken for December 1995. Reichhold has agreement with Garden State Laboratory to pick up monthly sample in the second Wednesday of each month and because of their computer error they missed the pick-up. Attached please find the letter provided by Garden state Laboratory.

As per your instruction average result from October & November 1995 is used for the month of December 1995.

If you have any question, please call Ron Kurtz or Mike Baxi at 201-589-3709.

Sincerely Yours

Ron Kurtz

Re: December samples

Dear Mr. Baxi:

For the month of December 1995, Garden State Laboratories experienced computer printing problems. Unfortunately, the pick ups for Reichhold Chemical were not printed on the weekly schedules. Coincidentally, the regular driver who is aware of this pick up was on vacation. As a result, no samples were picked up for the month of December. We apologize for any inconvenience this may have caused.

To be of further assistance any questions concerning this letter may be referred to the Client Coordinator or to Harvey Klein, Laboratory Director between the hours of 9 AM and 4 PM Monday through Friday by calling 908-688-8900 or 1-800-273-8901 or by faxing requests to 908-688-8966 Attn: Candy Cruz.

Respectfully yours,

Re: August samples

Dear Mr. Baxi:

For the month of August 1995 Garden State Laboratories experienced computer printing problems.

Unfortunately the pick ups for Reichhold Chemical were not printed on the weekly schedules. As a result no samples were picked up for the month of August. We apologize for any inconvenience this may have caused.

To be of further assistance any questions concerning this letter may be referred to the Client Coordinator between the hours of 9 AM and 4 PM Monday through Friday by calling 908-688-8900 or 1-800-273-8901 or by faxing requests to 908-688-8966 Att: Candy.

Respectfully yours,

GARDEN STATE LABORATORIES, INC.

Candy D. Cruz
Client Coordinator

THE LIABILITY OF GARDEN STATE LABORATORIES, INC. FOR SERVICES RENDERED SHALL IN NO EVENT EXCEED THE AMOUNT OF THE INVOICE.

Certified by U.S. Public Health Service, N.J. Dept. of Health and N.J.D.E.P. - Lab # 20044

RE: MR-2 DEFICIENCIES JUNE, 1995

Dear Mr. Baxi:

Many Permittees are still submitting deficient Monthly Monitoring Reports. The Clean Water Enforcement Act makes users responsible for the absolute accuracy of the reports, and allows the assessment of fines for missing and/or incorrect data.

Passaic Valley Sewerage Commissioners has reviewed your MR-2 report and found it to be deficient. Attached is a listing of the deficiencies that need correction.

You are hereby directed to resubmit a corrected report within fifteen days of this letter. Failure to resubmit the corrected report with fifteen days may result in fines for this report.

Please return your corrected MR-2 Report to the attention of Laura Ditchkus, PVSC Industrial Department.

Your immediate attention to this matter is imperative to avoid enforcement action.

Very truly yours,

PASSAIC VALLEY SEWERAGE COMMISSIONERS

Robert J. Davenport
Executive Director

RJD/ld

Attn. : Laura Ditchkus, Industrial Department

Dear Ms. Ditchkus,

This letter is in response to a MR-2 Deficiencies notification letter dated August 9, 1995 (Certified mail # Z258 626 875). Enclosed please find the corrected MR-2 Report. There was a calculation error in the initial meter reading. The meter was originally read as 206,100 cu. ft of water. The actual reading is 204,100 cu.ft. of water. The appropriate corrections have been made.

If you have any questions please do not hesitate to contact me at (201) 589-3876, during regular business hours.

Sincerely,

Mike Baxi

Explain Method for preserving samples

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

403.6(a)(2)(ii) revised by 53 FR 40610, October 17, 1988

Executive or Authorized Agent

Type Name and Title

Date

SAMPLE PRESERVATION METHOD

FOR METALS: 2 ML OF 1+1 HNO WAS ADDED TO THE 1 LITER BOTTLE.

FOR CYANIDES: 2 ML OF 10 N NAOH WAS ADDED TO THE 1 LITER GLASS BOTTLE.

FOR A/B/N: NO PRESERVATIVE REQUIRED. A ONE LITER GLASS BOTTLE WITH TEFLON LINED CAP WAS USED.

FOR VOA: 25 MILLIGRAMS OF ASCORBIC ACID AND 3 DROPS OF 1+1 HCL WAS ADDED TO A PRE-CLEANED VIAL WITH TEFLON SEPTUM.

Explain Method for preserving samples

Attached.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Date

SAMPLE PRESERVATION METHOD

FOR METALS: 2 ML OF 1+1 HNO WAS ADDED TO THE 1 LITER BOTTLE.

FOR CYANIDES: 2 ML OF 10 N NAOH WAS ADDED TO THE 1 LITER GLASS BOTTLE.

FOR A/B/N: NO PRESERVATIVE REQUIRED. A ONE LITER GLASS BOTTLE WITH TEFLON LINED CAP WAS USED.

FOR VOA: 25 MILLIGRAMS OF ASCORBIC ACID AND 3 DROPS OF 1+1 HCL WAS ADDED TO A PRE-CLEANED VIAL WITH TEFLON SEPTUM.

PRETREATMENT MONITORING REPORT

Certification of Non-use if applicable (use additional sheets)

Compliance or non compliance statement with compliance schedule (use additional sheets if necessary) for every parameter used.

met limits in compliance w/
40 CFR 414.55, subpart E

Explain Method for preserving samples

Attached

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Type Name and Title

11/20/95

Date

SAMPLE PRESERVATION METHOD

FOR METALS: 2 ML OF 1+1 HNO WAS ADDED TO THE 1 LITER BOTTLE.

FOR CYANIDES: 2 ML OF 10 N NAOH WAS ADDED TO THE 1 LITER GLASS BOTTLE.

FOR A/B/N: NO PRESERVATIVE REQUIRED. A ONE LITER GLASS BOTTLE WITH TEFLON LINED CAP WAS USED.

FOR VOA: 25 MILLIGRAMS OF ASCORBIC ACID AND 3 DROPS OF 1+1 HCL WAS ADDED TO A PRE-CLEANED VIAL WITH TEFLON SEPTUM.

Explain Method for preserving samples

Attached

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Date

SAMPLE PRESERVATION METHOD

FOR METALS: 2 ML OF 1+1 HNO WAS ADDED TO THE 1 LITER BOTTLE.

FOR CYANIDES: 2 ML OF 10 N NAOH WAS ADDED TO THE 1 LITER GLASS BOTTLE.

FOR A/B/N: NO PRESERVATIVE REQUIRED. A ONE LITER GLASS BOTTLE WITH TEFLON LINED CAP WAS USED.

FOR VOA: 25 MILLIGRAMS OF ASCORBIC ACID AND 3 DROPS OF 1+1 HCL WAS ADDED TO A PRE-CLEANED VIAL WITH TEFLON SEPTUM.

CARBON TETRA CHLORIDE	Sample measurement	.07752	.07752	Grams	1	Grab
	Permit requirement	4.34974	11.64016	GRAMS	1	GRAB
CHLORO- BENZENE	Sample measurement	.05168	.05168	Gram	1	Grab
	Permit requirement	4.34974	11.64016	GRAMS	1	GRAB
1,2,4, TRI CHLOROBENZENE	Sample measurement	.02584	.02584	Grams	1	Composite
	Permit requirement	6.00387	24.32181	GRAMS	1	COMPOSITE
HEXACHLORO BENZENE	Sample measurement	.02584	.02584	Grams	1	Composite
	Permit requirement	6.00387	24.32181	GRAMS	1	COMPOSITE
1,2, DICHLORO ETHANE	Sample measurement	.07752	.07752	Grams	1	Grab
	Permit requirement	5.51376	17.58277	GRAMS	1	GRAB
1,1,1, TRI CHLOROETHANE	Sample measurement	.07752	.07752	Grams	1	Grab
	Permit requirement	0.67390	1.80729	GRAMS	1	GRAB
HEXACHLORO ETHANE	Sample measurement	.02584	.02584	Grams	1	Composite
	Permit requirement	6.00387	24.32181	GRAMS	1	COMPOSITE
1,1, DICHLORO ETHANE	Sample measurement	.07752	.07752	Grams	1	Grab
	Permit requirement	0.67390	1.80729	GRAMS	1	GRAB

PVSC Form MR-1 Rev. 4 6/87 P1

842896189

PRETREATMENT MONITORING REPORT

Name Reichhold Chemicals Inc.

Mailing Address 400 Doremus Ave.

Facility Location Newark, N.J. 07105

Category & Subpart 40 CFR 414.55 & E

Outlet# 20406320-44100-0201

Contact Official _____

Telephone# 201 587 3707

Monitoring Period					
08	01	95	08	31	95
Mo.	Day	Yr.	Mo.	Day	Yr.
Start			End		
Production rate (if applicable)					

For Reporting Period

Regulated flow-gal/day AVG 6831 MAX 6831
 Total Flow-gal/day 124606
 Method used _____

Parameter		Mass Limit			No. of Samples	Sample type Comp./gral
		Average	Maximum	Units		
1,3, DICHLORO PROPYLENE	Sample measurement	.05168	.05168	Grams	1	Grab
	Permit requirement	6.00387	24.32181	GRAMS	1	GRAB
ETHYL BENZENE	Sample measurement	.19381	.19381	Grams	1	Grab
	Permit requirement	4.34974	11.64016	GRAMS	1	GRAB
METHYLENE CHLORIDE	Sample measurement	.05168	.05168	Grams	1	Grab
	Permit requirement	1.10275	5.20744	GRAMS	1	GRAB
METHYL CHLORIDE	Sample measurement	.18089	.18089	Grams	1	Grab
	Permit requirement	3.36952	9.03644	GRAMS	1	GRAB
HEXACHLORO BUTADIENE	Sample measurement	.02584	.02584	Grams	1	Composite
	Permit requirement	4.34974	11.64016	GRAMS	1	COMPOSITE
NITROBENZENE	Sample measurement	.02584	.02584	Grams	1	Composite
	Permit requirement	68.52380	196.10610	GRAMS	1	COMPOSITE
2-NITRO PHENOL	Sample measurement	.02584	.02584	Grams	1	Composite
	Permit requirement	1.99108	7.07599	GRAMS	1	COMPOSITE
4-NITRO PHENOL	Sample measurement	.07752	.07752	Grams	1	Composite
	Permit requirement	4.96238	17.64403	GRAMS	1	COMPOSITE
4,6, DINITRO OMEGRESOL	Sample measurement	.05168	.05168	Grams	1	Composite
	Permit requirement	2.38938	8.48507	GRAMS	1	COMPOSITE
